Christmas Concert On At L-W Sunday

The Lincoln-Way Band and A Cappella Choir, under the direction of Randolph Kummer, Tom Olson, and Robert Taylor, will present its annual Christmas concert at 3 o'clock, Sunday afternoon, Dec. 15, in the high school auditorium.

The concert will open, as it has for the past few years, with an inspiring arrangement of "Joy to the World" by Frank Kuykendall for the choir accompanied by brass quartet and tympani. Several selections by the band and choir will complete the first half of the program. The last part of the program has also become a tradition as the two groups, with Mr. Kummer as narrator, retell the "Christmas Story" as told in the gospel according to St. Luke and St. Matthew.

The "story" will be accompanied by living scenes on a third stage built above the band and choir. Handel's

"Hallelujah Chorus" from his oratorio "The Messiah" brings the concert to a fitting climax.

There will be no admission charge for the concert. Performance time will be about one hour.

OXO Ranch Has Winner

OXO Hereford Ranches, Francis Rd., Mokena, owned by Mr. and Mrs. John L. Matasovic, showed the winning junior heifer calf in the Register of Merit Hereford show at the International Livestock Exposition in Chicago last week.

It was generally agreed that the show was probably the strongest held at the International in several years as 23 exhibitors from 12 states led out 148 head of Whitefaces. Dr. Harlem Ritchie, Michigan State University, made the placings.

Will Complete Front Street In The Spring

Improvement of Front St., from Division to Schoolhouse Rd., will be completed in the spring with the laying of the final layer of blacktop but in the meantime the thoroughfare is in use and driveways and an alley were made accessible by the close of last week.

The village has filled the gaps between street and drives with gravel so residents can use them again. Village officials hope they do and keep their cars off the street, especially on the northside. The village board enacted an ordinance several months ago banning parking on the north side of Front St., east of Division. However, no attempt has been made to enforce it and none will be made for about six weeks, the board agreed. The trustees want to see how it will work out, if parking should be retained.

The new sidewalks experienced some damage while still impressionable.

The board was informed that most of the footprints can be removed but the mark left where someone rode a bicycle in the soft cement is there to stay. The sidewalk cost the property owners \$2.24 a foot.

And while on the subject of street work, Village Clerk Alvin Sorensen, was instructed to write the Mokena Grade School board and ask that body to apply a seal coat on the road leading off Wolf Rd. to Willowcrest School. The village spent more money than it expected in building up this road and believes it only fair that the school district should help with the project.

Village Clerk Sorensen also was instructed to publicize the fact that village vehicle stickers are ready for sale. The tags are selling at the bargain price of \$3, which is \$2 under the \$5 price that will be charged beginning Feb. 1. A person who has not purchased a village tag by Feb. 1 also faces arrest and

probable fine, it was pointed out.

The Scott street annexation -- about two blocks are involved -- has been approved by the court and referred to the village board for passage of the proper annexation ordinance.

St. John's United Church of Christ, was granted an extension of time to complete sewer repairs near the parsonage.

Tom Deeb was named to the plan commission by Mayor Eric Book. The trustees confirmed his appointment.

The village had \$25,000 in government bonds but had to use \$10,000 to pay interest on a bond issue. Now the remaining \$15,000 is drawing interest.

The trustees voted to ask bids from auto dealers for a new squad car.

Elmer Paulson, of Midlothian, who had been working on the Mokena police force tendered his resignation. It was accepted.

Enrollment Growth A Problem

The expanding enrollment in the Frankfort grade schools is presenting problems to the board of education. The school now has a

population of 555 and facilities are being used to capacity.

At its last meeting the board's discussion centered on future needs of the system, curriculum, as well as the physical and financial needs. There was talk of hiring an architect to study requirements. All of this, it has been pointed out, would indicate that the board is preparing to embark on a building program, necessitating a bond issue.

The next meeting of the board will be Jan. 6 in the Frankfort School library,

Oregon and Hickory Sts., and it is expected these topics will be discussed more fully at that time and probably action will be taken.

It also is planned to issue anticipation tax warrants in January or February to meet expenditures. This is earlier than was expected for the district to borrow money. It was explained that enrollment growth has made it necessary to spend more than had been anticipated. Since the beginning of the school year additional teachers have been hired and additional equipment and material have had to be purchased to cope with this growth.

In the course of the board's last meeting there was some discussion of a mathematics study being undertaken at the primary level under the direction of Stanley Bochtler, administrative assistant of the Frankfort system.

The board also approved a Title II project submitted by Supt. Leroy Olson, for expenditure of \$367 for library materials. The district will be reimbursed by the federal government.

Kenneth Oetter, a veteran member of the board, gave a report on the Illinois School Boards convention and the special education cooperative.

Summit Hill PTG Has Yule Program Tonight

Mrs. Edward Hovi
Telephone 479-5740
The December meeting of the Summit Hill Parent-

Teacher Group will be held at the school tonight, (Dec. 12), at 8 o'clock in the all-purpose room.

Following the regular business meeting there will be a Christmas program presented by the school children from the fifth thru eighth grades.

There will also be a Christmas bazaar held after the Christmas program and will include a variety of items of hand made goods.

The school is still in need of kitchen cabinets. There is almost no storage room in the small kitchen adjoining the all-purpose room. If there is anyone remodeling their kitchen and would be willing to donate their old cabinets to the "cause", please contact the school at 479-2106.

This Saturday, Dec. 14, beginning at 2 p.m. in the all-purpose room of the school, five movies produced by Walt Disney will be shown. These are educational films which are geared so that the youngsters can get information out of it, but it still would be interesting for the adults.

The films will begin at 2 o'clock and will last approximately an hour and 40 minutes. There will be no charge for anyone and everyone is invited to attend.

There will be candy available in the one thru five cent price range, and any donations of candy or parental assistance during the films will be gratefully accepted. If you will be able to provide either candy or help, please call Mrs. Den-

nis Cullum at 479-9359 prior to Saturday.

The five films are entitled: 1) Man on the Moon; 2) Man in Flight; 3) Mars and Beyond; 4) Donald Duck and Math Magic Land; and 5) Niok, the story of a Cambodian child who adopts an elephant.

The School Christmas parties will all be held on Friday, Dec. 20, and then school will be recessed for Christmas until Jan. 6.

The Civic Association Dance held in Mokena recently was a social success, but not financially so. Since the VFW of Mokena refused to return the \$75 the total deficit for the dance now stands at \$121.

There were three awards given out at the dance with the largest being a \$150.00 weekend for two and was awarded to Mr. and Mrs. Rhoades of Berwyn, Ill. The portable TV set was awarded to a couple from Orland Park and the \$25 Savings Bond was awarded to Mr. and Mrs. Bernaitis of Carpentersville, Ill.

The two gas lights at each entrance have been appreciated by all right thinking residents and visitors to Arbury Hills. However, there are those who seem to think that they were placed there to provide target practice for both the juveniles and some errant car.

Anyone who witnessed the past damage or any future damage to the lights or oth-

er community property, should report it at once to the Will County Police.

The First Nighters held their December meeting at the home of Mrs. Edward Hovi on Hickory Street last Thursday evening. The winner of the hostesses prize was Mrs. Bobbie Anderson, and the next meeting of the group in January will be held at the home of Mrs. Lorry Louis on Poplar Street Jan. 2, at 8 o'clock.

The first, second and third grades at St. Mary's School in Mokena will present a Christmas play for the enjoyment of the assorted families and friends on next Wednesday and Thursday evening, Dec. 18 and 19 in

the "Cow Palace". There enthusiasm will make up for any lack of technical skill in their performance, and should provide an enjoyable evening for all those attending.

St. Mary's School will also close for Christmas vacation on the completion of the school day Dec. 20 and will resume on Monday, Jan. 6.

Mr. and Mrs. Richard Mansell on Elm Av. recently celebrated their tenth anniversary with a gathering of some of their friends at the home of Mrs. Mansell's parents. It must have been a rousing success for the guests, since no one wanted to leave the fun. Congratulations, Dick and Rosalie!

four class levels. Diane Hossbach's sophomore team took second place. Team members were: Lori Woodman, Patti Singer, Kay Senesac, Ruth Fleck, Debbie Borman, Janis Davies and Paula Anderson.

A graduate of the Lincoln School of Nursing in New York, with a post graduate course in obstetrics at Margaret Hauge School of Nursing in Jersey City, N.J., Mrs. Williams received her Bachelor of Science degree in education from the University of Pennsylvania at

Philadelphia and her Master of Arts degree from the University of Chicago. She has been instructor in obstetrics in the Silver Cross School of Nursing since 1958. Of her 24 years teaching experience 9 1/2 years were spent at St. Joseph Hospital School of Nursing prior to coming to Silver Cross.

Urges Formation Of Orland Park Dist.

The Orland Park Chamber of Commerce sent a copy of a resolution it adopted recently to the village board, urging that body support a move to establish a park district.

Trustee Robert Bibeau, who has brought up the subject of a park district before, urged action on the resolution and Mayor Melvin Doogan referred the proposal to the committee on building and grounds, of which Bibeau is chairman.

Bibeau points out, as did the Chamber in its resolution, that there is need of recreation quarters and facilities for teenagers but there is little possibility of obtaining them unless a park district is organized.

To establish a park district boundaries must be set up and shown on a map that would be filed in court along with the petitions. It has been proposed to have the district cover Orland Township. If petitions are sufficient and the boundaries properly shown the court would set a date for a referendum. At the same time the petition for forming the district is formed, candidates for park commissioners would also file and they would be voted on at the same time ballots are cast for or against establishment of the

park district.

Mayor Doogan reported to the board that Andrew Corp. is giving the village a strip of its property, 30 feet wide, plus a 10-foot working easement, which will permit the village to extend 147th St. west of the railroad tracks. The mayor obtained the land after several conversations with officials of the corporation.

Val Holt, of Hillcrest Builders, presented a plan for a development on land formerly owned by developers of Orland Park Hills off West Av. and on 151st and 153d Sts. There are 73 acres in all. Holt said they plan to use 43 acres for 195 lots for single family units and 112 multiple dwelling units. About 5 acres would be for commercial use. The plan was referred to village plan commission. It was drawn by W. A. Laurence Associates, the Village planners.

The present board cannot raise its own salaries but it can raise the pay for those elected to new terms next April. Three trustees, the mayor and clerk, will be elected to new terms. Two other trustees will be elected to unexpired terms and therefore not entitled to any pay hike.

Trustee Roger Frantz voted to keep the trustees

compensation at the same figure it is now, \$15 per meeting, but the other trustees present voted to raise it to \$25, as permissible under statute. They also raised the mayor's salary from \$1,200 to \$2,000 a year, and the clerk's salary from \$600 to \$1,000. They could have gone higher.

Building permits were issued for three new homes. The owners are, Paul Steiner, 8616 W. 145th Place; Reno Cervo, 8648 W. 145th Place and Wilson Fritz, 8556 W. 145th Place. A permit for a room addition was also granted Verne Hoerman, 14332 Oakley Av.

Bids are to be taken on health and accident and hospital insurance for all full-time employees of the village. Bibeau had figures Monday night which will be used in preparing the bid forms.

An ordinance was adopted annexing 35 acres north of 151st St. and west of 108th Av., which belong to Mr. and Mrs. C. Russell Cox. It is zoned as Class A.

Seek Stamps To Acquire A Truck

The Orland Park fire department is in need of an auxiliary vehicle, its members find, and they want a light four-wheel drive truck.

The propose to get the vehicle with Green Stamps and to that end will ask friends to give them a hand in collecting them. Several years ago a woman doctor at Mokena headed a successful campaign to get a bus for the Catholic school there thru trading stamps and bottle caps.

The village board gave its permission to the department to proceed with its project but Mayor Melvin Doogan pointed out that trading stamps would pay for the equipment that the truck would carry not the insurance.

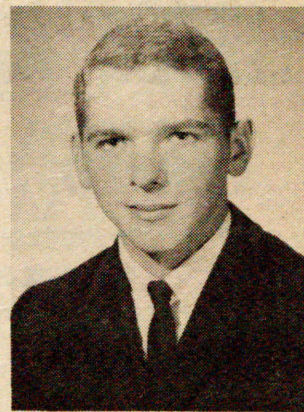

Youth At 4-H Congress

Robert Cooper, 19, son of Mr. and Mrs. Marvin Cooper, 159th and U.S. 45, was a delegate to the 4-H Dairy Congress Dec. 5-9 in Chicago, with all his expenses paid.

He has graduated from 10 years of 4-H this year, Dairy projects were his major interest but he also followed programs in turkey raising and the production of corn,

wheat, hay, oats and beans.

Robert also showed beef cattle, mostly Charlois, had gardening projects, as well as those in the automotive field, tractors and handicraft. He won two trophies in tractor operations; a similar number for skill in car driving, one for crop production and had two grand champions in the dairy division.

ROBERT COOPER

Robert is now in his final year at Joliet Junior College and next year plans to go to the U. of I. at Urbana to get his degree in agriculture.

The fourth annual Orland Christmas Baskets project got underway yesterday, Dec. 11. The group is collecting food and money to provide a cheerier Christmas for those in the community who are in need.

It was announced that civic and homeowner groups, the town and village government bodies and the political organizations of the two major parties have joined in this program.

The money collected will be used to purchase turkeys and other perishable foods just before the baskets are assembled. The collection centers will close Sunday, Dec. 22 so the baskets can be readied for distribution before Christmas Eve.

Christmas Concert Is Set For Sunday

It's beginning to sound a lot like Christmas... especially at Carl Sandburg High School Sunday afternoon, Dec. 15, at 3 p.m. when the school's orchestra and concert choir will give their annual Christmas Concert.

The public is invited and the concert is admission free. In charge are orchestra director Wesley Warner and vocal director Wayne Doverspike.

The Concert Choir will sing Mel Torme's "The Christmas Song," and the "Little Drummer Boy," "Hodie, Christus natus est," "Mary Had a Baby," and "The Holy Infant's Lullaby."

The concluding number will have the orchestra and concert choir combining for a stirring rendition of the traditional "Hallelujah Chorus" from "Messiah."

Orland Boy Hit By Car, Hospitalized

A 13-year-old boy, William Nicolai, of 10010 W. 146th St., a nephew of Mayor Melvin Doogan of Orland Park, suffered a broken pelvis when he was struck by a car Dec. 3.

The accident took place about 6:30 p.m. near the exit drive from the Junior High School on West Av., which would be about 148th St.

Mrs. Laurane Goosherst, of 10225 Hickory Drive, driver of the car involved, said she was traveling north when suddenly someone darted out from the side of the

street and her car struck him.

A companion of the boy told Orland Park police that they had just left the school. He was uncertain as to whether the Nicolai boy jumped out into the street or was trying to get back over the curb. There was considerable traffic, he reported.

The injured lad was taken to St. Francis Hospital, Blue Island, in the Orland Fire Department ambulance. As of Monday night his condition was reported as good.

Send Checks

A total of 24,958 reminder envelopes were mailed this week from the Will County Tuberculosis Association to all those who had not answered their Christmas Seal letters, according to William J. Randles, 1968 Christmas Seal Chairman.

Randles urges every person to answer their Christmas Seal letter early and use Christmas Seals on their Holiday Mail. "The use of Christmas Seals by all our county residents," stated Randles, "serves a two fold

purpose. It shows their support of the program which is our only source of income and reminds others that Tuberculosis is still a health problem in our country."

Total returns, as of Dec. 7, the 61st Anniversary of the Christmas Seal were \$24,883.23.

Randles added that if any contributor had sent his returns since the reminders were posted, he hoped that they would realize that the two probably crossed in the mail.

Slow Agent of Death

Copyright 1968 World Book
Science Service

A multiplicity of noises these days are constantly assaulting our ears and our nervous systems.

The deafening effect of man-made noise began with gun-powder, increased during industrialization, and has gotten out of hand since the invention of the electric guitar, electronic amplification and the sonic boom.

Noise has become a serious medical problem. It causes hearing loss, sleeplessness, frustrations, irritability, work loss, increases errors, accidents, and -- in time -- mental breakdown.

Sudden loud noises can rupture eardrums. Constant, persistent noise, such as produced by heavy industrial machinery, tractors, computers, and amplified rock

'n' roll causes hearing loss that is irreversible.

"Noise, like smog, is a slow agent of death," warned one doctor at the recent National Conference on Noise as a Health Hazard. It is another form of pollution, and now outstrips most communities' capacity to deal with it.

Industrial noise is the single largest cause of hearing impairment. Deafness is now classified as an "occupational disease." Wearing earmuffs or earplugs is not always sufficient protection.

Noise seems to assault the whole body.

Recent studies show that it affects the workers; peripheral circulatory systems, causing degrees of vasoconstriction in direct proportion to the intensity or frequency of sound.

Aircraft noise comes next. The sonic boom has caused more damage to humans, animals and buildings than has been reported. The experiment of subjecting Oklahoma City to months of daily sonic booms proved that a population cannot tolerate such

noise for long.

Perhaps we will all have to be rendered deaf to tolerate the noise-filled world we are creating.

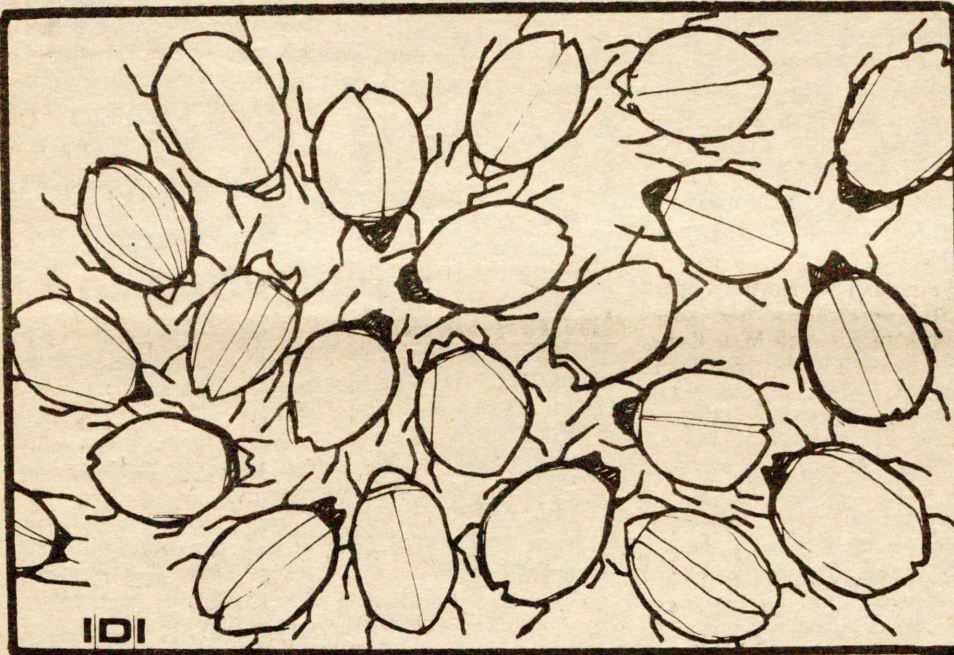

MUSIC DOESN'T SOOTHE--By speeding up the playback of night-long electro-encephalograph recordings taken while individuals are asleep, the Canadian National Research Council has been able to review enough cases to prove that even soft music disturbs sleep and causes irritability.

STUDIES NOISE--The Air Force has been determining the minimum sound levels at which assorted aircraft noises (take-off, landing, revving, overflight etc.) can alter the electroencephalograph patterns of sleepers all the way from restlessness to actual awakening.

DOUBLE REACTION--Radiation, chemical agents and insecticides may not only cause toxic reactions of their own in humans, but may also interact with prescribed drugs to render them useless or even harmful, according to Dr. Kenneth P. DuBois of the University of Chicago Toxicity Lab.

RADIATION SAFE-GUARD?--Dr. DuBois is also studying the lack of any effect of radiation on hibernating animals. Thus, a metabolism slowdown may provide a method of protecting astronauts from the dangers of radiation in outer space.

The Junior Scientist

Survive Without Oxygen

Copyright 1968 World Book
Science Service

We've known for a long time that animals must have oxygen to survive, but recent experiments indicate that there may be some exceptions to this.

Some Tribolium beetles survived for as long as five days in jars without air and in temperatures ranging down to about 45 degrees Fahrenheit.

Unlike humans, they didn't even pant or breathe deeply to get extra oxygen after they were reintroduced to a nor-

mal atmosphere.

Some of the beetles did die after they had survived a long oxygen-free period. This has led some researchers to think that there may be some kind of poisonous substance built up during prolonged lack of oxygen.

Or, perhaps when oxygen was not present the beetles' systems used up some other material that was necessary to life.

Hopefully, the experiments with beetles will lead to new information about how oxygen is used by cells.

That may help scientists

develop safety measures for people. The human brain can be badly damaged if its oxygen supply is cut off.

How many words of four or more letters can you spell from the letter in the words OXYGEN SUPPLY? Can you write one word on each beetle in the picture?

ANSWERS: Some of the words you could form are: open, oxen, only, yelp, gulp, glen, nope, slug, spun, soup, soul, slope, ugly, pups, pops, pens, plus, ploy, plug, legs, lone, lung, lounge, long, logs, lens.

gram include the telling of Christmas traditions and their origin by The Reverend Frank W. Sanders, Executive Director of the Community Center Foundation. The Reverend Paul T. Sanders, Director Emeritus, will read the Christmas story from the Gospel of St. Luke. Group singing of carols and the Wassail Bowl end the evening.

Progress Pleases Inspectors

Mrs. Emil Wille
Telephone - 469-5277

State and county school officials, who have completed their inspection of Ann Rutledge School, were impressed with the latest addition to the plant, including the multi-purpose room. They felt that steel building, such as the new addition, would be the answer for expansion plans in other districts that find themselves low on funds. The Ann Rutledge district is one of the first in the area to have a structure of this type and design.

The inspectors also had praise for the new reading program, special education and the general upgrading of the curriculum. The boards of the various grade school districts in the Lincoln-Way High School district are now considering the idea of organizing a consolidated district. Such a district, it is said, would better utilize the tax dollar and provide a more uniform and rounded out educational program. It would seem that the Ann

Rutledge school would stand to benefit from such an arrangement. A complete report will be given later.

John Bluth, eight year old son of Mr. and Mrs. Howard Bluth underwent a tonsilectomy at St. James hospital on Wednesday morning.

ville Michigan.

Joins Realty Firm

William C. (Bill) Bettenhausen, lifelong resident of Green Garden Township, has joined the sales staff of Fairfax Realty Company, where he will specialize in farm and industrial sales in the Will County area.

Announcement of Bettenhausen's appointment was made this week by W. Robert Blair, Fairfax president, who called it a "key step in the continuing expansion of our firm."

Bettenhausen, who owns and operates a farm in Green Garden Township, is a lifelong resident of the area. He is a graduate of Peotone High School and the University of Illinois College of Agriculture.

An infantry veteran of World War II, Bettenhausen is a past president and a current member of the board of education of Peotone Com-

munity School district and chairman of the Three Rivers Division of the Illinois Association of School Boards; a director of the Frankfort Grain Co.; a lay leader and board member of the Green Garden United Methodist Church; a Republican precinct captain, and a member of the Will County Farm Bureau.

The Bettenhausens are parents of sons, 17 and 15, and daughters, 14 and 11.

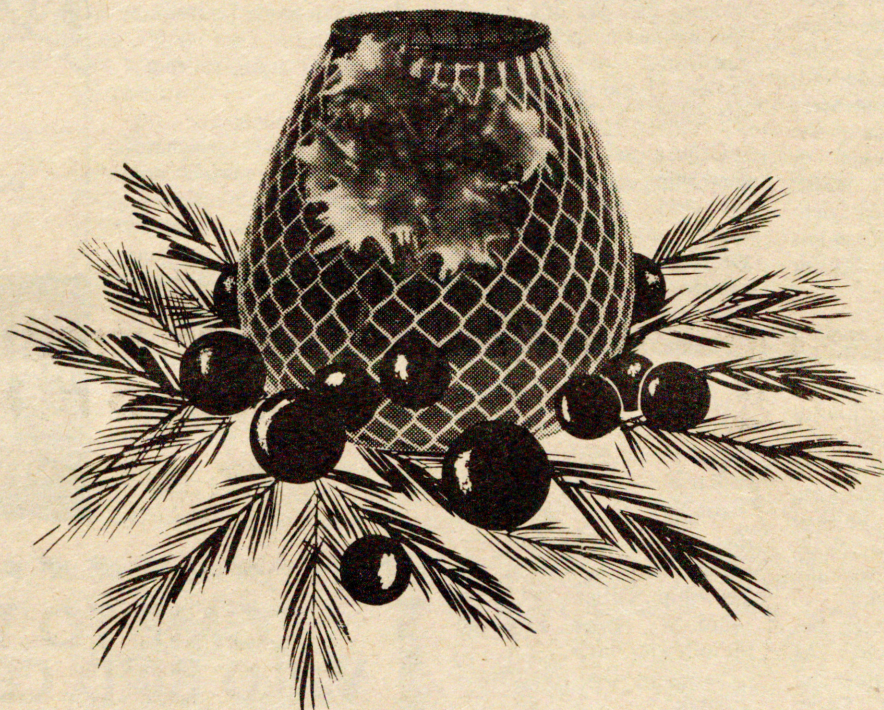

In making the announcement, Blair indicated Bettenhausen will head the staff of a soon-to-be-opened Frankfort office. "We feel the creation of an office specializing in farm sales will add another dimension to our services," said Blair.

Fairfax presently operates offices in Park Forest, Crete, and Flossmoor.

Win Two But-That Mendota

The Orland Park Merchants' star forward Eddie Modestas came off the bench late in the third quarter and scored 21 points to lead the Merchants from the brink of defeat by Homewood and push their season record to 5-2. The game, played Dec. 5, was to be a breeze for Orland Park as Homewood had failed to earn a victory in four games. The noticeable absence of Orland's Don Schook and Bob Stoy however, gave Homewood a considerable edge as the Mooners pushed to a 43 to 41 half-time advantage. Only the fine outside shooting of Charlie Brown and Bruce Hodges kept Orland Park within striking distance during the first two periods.

Tempers began to thin during a frantic third period and a fracas resulted in the ejection of Brown and Homewood's McGabe. It was at this point that assistant coach Bill Kacerovskis pressed Modestas into action. With Hodges taking up the slack created by Brown's absence and Modestas working the ball in for easy layups, the Merchants' finally took control of the game and had rolled up an eighteen point advantage at the final horn. Bruce Hodges played a remarkable ballgame and finished the night with 31 points to lead all scorers on eleven baskets and potted nine from the free-throw line.

Saturday night the Mer-

chants kept their winning streak going when they defeated the Booker T five of Rockford, 99 to 91. The game was played at the Chicago Stadium as a curtain-raiser for the Bulls tilt.

But last Sunday night the Orland club quaffed bitter tea. For the third time the Merchants lost to Mendota. In a game played at Mendota, Dec. 7, the final score was 117 to 115 against the Merchants. It was a close battle all the way, with the lead switching from team to team.

Orland's only losses this year have been to Mendota.

Tonight the Merchants will be hosts to the Big R of Chicago on the Sandburg floor. Game time is 8:30 o'clock.

Holiday Concert At Stagg Sunday

A relaxing Sunday afternoon of Christmas music may be enjoyed at Stagg High School Dec. 15, at 3 p.m.

The school's vocal music department will present a concert to which the public is cordially invited, director Walter Kosche announced.

Four singing groups will perform. The Concert Choir will sing a French carol "Allons, Gay Bergeres," by Costeley. Kosche's own arrangement of "God Rest Ye Merry, Gentlemen," and other traditional carols, including "O Holy Night," with a featured solo by soprano Barb Pugliese, a junior, will be other high-

lights of the Concert Choir's portion of the program.

The Madrigal Singers, a select mixed group of 18 singers, will sing "The Holly and the Ivy" and Mel Torme's "The Christmas Song," better known for its opening line -- "Chestnuts roasting on an open fire ..."

The Girls' Chorus, with 60 strong voices, will sing "Falling Snow on Christmas Day," by Malin; "Sing We Noel," by Nichols; and "Balulalow," by Britten. Miss Pugliese will also be featured in the latter number.

The Boys Chorus will sing "Sleigh" by Kountz.

L-W Quintet Takes On Vikings Friday

After a great start against Peotone, Lincoln-Way lost its touch by losing the first round game at the Bloom tournament against Marian Catholic. Lincoln-Way's new basketball coach, Tom Lewis, lost a few hairs when his Knights lost the next two games against Elgin-Larkin and Joliet Central by one point.

Coach Lewis made his debut in the SWS conference by traveling to the Reavis Rams, at Oak Lawn and coming home with a 55-42 conference win. The team was paced by Freshman player Terri Ryan, who scored 15 points.

The next night the Knights

met highly ranked Jacksonville in what most people figured to be a warm-up for the undefeated Jacksonville team with its all-state contender Duane Mounts. What looked like a one sided game by the third quarter (55-39 Jacksonville) turned out to be a toss-up in the fourth quarter when the Knights defense and offense started clicking. The final outcome was decided in the final seconds, with the Knights winning 67-66.

Tomorrow night, Dec. 13, at 6:30 and 8 o'clock the Knights play host to rival Homewood - Flossmoor. This usually draws a capacity house. Tickets for Friday's game can be picked up at Lincoln-Way today or tomorrow or purchased at the gate.

Ad Altare Dei Awards Presentation April 20

At a recent meeting of the Diocesan Boy Scout Lay Committee (Joliet Diocese) it was decided that the presentation of the Ad Altare Dei awards would be on Sunday, April 20, 1969, at St. Charles Borromeo Seminary Chapel. The program will

begin at 3 p.m. with the usual procession of the Scouts into chapel.

All boys wishing to receive this award are advised that they will be using the New Handbook this year. They should see to it that they complete their require-

ments on or before the Board of Review. These Boards of Review will be held in the various districts next March 1969. All dates will be published later. At the same time the coveted St. George Award, presented to outstanding Laymen of Catholic

Scouting, will be bestowed on those who have been selected by the St. George Award Board. Names of deserving men should be in the hands of the District Committee Chairman before March 1, 1969.

There will be a special program of instruction on the Ad Altare Dei Award to be given by the Joliet Catholic High School in the near future. These dates will be announced soon. Further information regarding this program may be obtained from Robert Skopac at Joliet Catholic High School.
